Lone Star Healthy Streams

http://lshs.tamu.edu

Workshop presentations will focus on watershed health of the Medina River and will discuss basic watershed function, water quality, and specific best management practices that can be implemented to help minimize bacterial contamination originating from beef cattle, horses, and feral hogs. Please RSVP by September 1st.

September 7, 2017: 10:00am-3:00pm
Medina Community Center
Corner of Hwy 16 and Sheppard Ave
Medina, TX 78055

**3 General CEUs available for pesticide applicators**

Workshop presentations will focus on watershed health of the Medina River and will discuss basic watershed function, water quality, and specific best management practices that can be implemented to help minimize bacterial contamination originating from beef cattle, horses, and feral hogs. Please RSVP by September 1st.

For more information and to RSVP for the workshop contact the Matt Brown at 979-862-8072, or by going to:
http://lshs.tamu.edu/workshops.

The Lone Star Healthy Streams program is funded through a Clean Water Act Section 319(h) grant from the Texas State Soil and Water Conservation Board and the EPA.
